

## Container Rental Policy

**Container Rental Period:** Day one of the rental period begins on the date that the container was dropped off.

**Extending your container rental:** We require at least 48 hours' notice for all rental extensions.

**Filling the container:** The contents for disposal **cannot** be above the side walls of the container. Overloaded containers are unsafe for travel. If a container is overloaded at the time of removal, the container will not be picked up until the contents have been corrected. A **surcharge** will apply due to a return trip.

**Is this item acceptable?** If you have a questionable item, give us a call.

- **Additional fees** will be charged for non-acceptable items if found in the container when it arrives at the disposal facility.
- If non-acceptable items are found prior to leaving the job site, the items will be removed from the container and left at the site.

*Please understand that burying or hiding items in the container in an attempt to prevent additional disposal fees, will not work. The disposal facility sorts the container upon arrival.*

### **NON-ACCEPTABLE ITEMS:**

Hazardous Waste  
Concrete  
Chemicals  
Asbestos  
Liquids  
Liquid Paint  
Railroad Ties  
Medical Waste  
Explosives

### **ACCEPTABLE ITEMS (additional fees apply):**

Mattresses & Box springs  
Freon Containing Units  
Tires (passenger sized tires only)  
TV's / Computer Monitors  
Propane Tanks (Grill Size)

**Containers for yard waste can contain yard waste ONLY (clippings, brush, tree material).**  
**Containers for clean outs or construction debris CAN NOT contain yard waste.**

**Additional Charges:** If you extended your rental, went over the initial tonnage that is included with the rental, or have additional disposal fees due to acceptable or non-acceptable items in the container; we will charge your card automatically for the balance. **\*Note: Due to the billing process you may see a delay between removal of the container and final billing.**

**If there are any questions that you can't find the answers to here, please contact us 413-665-1329**
